

# Redo

---

*Version 1.0.0, by Giorgio Bianchini*

**Description:** Redoes an action.

**Module type:** MenuAction

**Module ID:** 8a2c7de0-58c5-4a85-9a0d-d11ce9844139

This module can be used to redo an action that has been undone (e.g. enabling or disabling a module, or changing a module's parameters).
