

# Copy selected node

---

*Version 1.0.0, by Giorgio Bianchini*

**Description:** Copies the selected node to the clipboard.

**Module type:** SelectionAction

**Module ID:** `debd9130-8451-4413-88f0-6357ec817021`

This module copies the currently selected node to the clipboard in Newick-with-attributes format. The node can then be pasted e.g. in a text editor or in another tree viewer program.
